VIBHA

**CME ON
CONTACT DERMATITIS**

Organized by
Department of Agadatantra
Govt. Ayurveda College Pariyaram,
Kannur

On 29,30,31st JANUARY 2024

We are delighted to extend an invitation to you for a transformative Continuing Medical Education (CME) programme on Contact Dermatitis organised by the department of Agadatantra, Government Ayurveda college, Kannur. The programme is scheduled as a webinar on **29,30 and 31st January 2024**.

Contact dermatitis is a common inflammatory disease that is caused by repeated skin contact with contact allergens and irritants resulting in Allergic Contact Dermatitis (ACD) and Irritant contact dermatitis (ICD). The epidemiology of ACD and ICD depends on domestic and occupational exposure trends, technological developments and regulations. It is a significant challenge for the clinicians to keep updated on trends and new causes of ACD and ICD. As Contact Dermatitis remain a global problem of all age group affecting the quality of life and ability to work, it need to be studied thoroughly using the recent advances of immunological sciences.

We cordially invite you to be a part of this programme as this may be a golden opportunity for advancing the knowledge regarding the topic and to resolve a significant public health problem.

with warm regards,

Dr. JAYASREE.M.N
Professor & HOD
Dept. of Agadatantra
